Lenten Creation Care 2018

Lent is a time for prayer, fasting, and more intentional sharing. This year, our church is joining with many others in heeding the call to be stewards of God's Creation throughout this season.

May this calendar remind us to be more mindful of the ways that our daily habits impact both "our common home" and all those with whom we share it.

On behalf of future generations and all living in poverty—those most harmed by our damaged climate—may we answer God's call to be faithful stewards, speaking out for Creation care.

For in him all the fullness of God was pleased to dwell, and through him to reconcile to himself all things, whether on earth or in heaven, making peace by the blood of his cross.

"The New Testament does not only tell us of the earthly Jesus and his tangible and loving relationship with the world. It also shows him risen and glorious, present throughout Creation by his universal Lordship" — Pope Francis, *Laudato Si*
Trusting that the One has begun a good work in you will be faithful to complete it (Philippians 1:6), take time to give thanks for the changes of heart and habit you have taken on since Lent began, and continue to live out your call to Creation stewardship with the hope of the resurrection always in your heart!

Take some time today to reflect on all of the activities that you have performed during Lent, and how they have brought you into greater harmony with the Earth and with all life. Conclude your Lenten Creation Care practice by making a personal pledge to serve God and serve others by pursuing a more sustainable way of life.
